

STATEMENT OF ENVIRONMENTAL POLICY

My objective, as Managing Director of CRESSWELL OFFICE SERVICES LIMITED, is to control the activities of the Company in such a way as to maximise the positive and minimise the adverse effect of those activities upon the environment.

In order to ensure that the Company continues to meet these goals I have implemented and maintain a documented Environmental Management System, of which this Environmental Policy statement is the cornerstone, which meets the requirements of BS.EN.ISO 14001:2004.

In establishing this Environmental Policy I commit the Company to:

- examining the potential environmental impact of each of our operations and of each product used in carrying out those operations;
- the prevention of pollution;
- a continual improvement in the impact of our activities upon the environment;
- compliance with all relevant legislation and regulations and with our Environmental Management System.

In order to ensure the continued effectiveness of our Environmental Management System it is reviewed at defined intervals and in accordance with a documented Procedure.

We retain the services of Graham Pirson, Managing Director of Graham Pirson Associates, as our Management Representative for environmental matters. He is responsible for maintaining, improving and developing our Environmental Management System and for ensuring that it remains relevant not only to the operation and objectives of the Company but also to all aspects of the environment which might be affected by our activities.

David McLeod
Managing Director
